

Invent a Species- Section 5- Wrap it up!

Creative Writing Project

This week you will be continuing on building/creating/designing your species that you worked on last week! Many of you have done a great job so far, but please remember to use FULL sentences and a lot of description!

Section 5: Extra Sections- You need to choose at least 2 of these (more would be better)! Each section you choose also needs to have an illustration, have fun with these. Some ideas can be:

- Transportation
- Health care
- Special Holidays
- Pets
- Language, alphabet, or number system
- Unique Customs
- About the author
- Any other information you'd like to give!

POST ILLUSTRATIONS AND WRITING TO FRESHGRADE WHEN FINISHED**
